### **Chosen Primary Source 2: J. Edgar Hoover Testimony to HUAC, March 1947**

*"The communist movement in the United States began to manifest itself in 1919. Since then it has changed its name and its party line whenever expedient and tactical. But always it comes back to fundamentals and bills itself as the party of Marxism-Leninism. As such, it stands for the destruction of our American form of government; it stands for the destruction of American democracy; it stands for the destruction of free enterprise; and it stands for the creation of a "Soviet of the United States" and ultimate world revolution. "*
